**Explanatory Statement pursuant to Section 102 of the Companies Act 2013****Item No.04**

The present Authorised Capital of the Company is Rs. 100,00,00,000 (Rupees One Hundred Crores Only) divided into 10,00,00,000 (Ten Crores Only) Equity Shares of Rs. 10/- (Rupees Ten Only) each. Considering the requirements of future business prospects, it is therefore considered necessary to increase the Authorised Share Capital of the Company from present Rs 100,00,00,000/- (Rupees One Hundred Crores Only) to Rs. 120,00,00,000 (Rupees One hundred and Twenty Crores Only) divided into 12,00,00,000 (Twelve Crores Only) Equity Shares of Rs. 10/- (Rupees Ten Only) each.

The proposed increase in the Authorised Share Capital requires the approval of shareholders in the 20<sup>th</sup> Annual General Meeting. Consequent upon increase in the Authorised Share Capital, the Memorandum of Association of the Company will require alteration so as to reflect the increased Authorised Share Capital.

The new set of the Memorandum of Association is available for inspection by the members at the Registered office of the Company during normal business hours on any working day between 11.00 a.m. to 1.00 p.m. excluding Saturdays, Sundays and public holidays.

The Board of Directors at its meeting held on 20<sup>th</sup> June 2025 has approved the proposal to enhance the authorised capital from Rs 100.00 crores to Rs 120.00 crores and recommended the same for shareholders' approval.

The proposed resolution is in the interest of the Company and your Directors recommend the same as **Special Resolution** for your approval.

**Item No. 05, 06 and 07**

In order to comply with the provisions of Section 4(1)(c), Section 13, and other applicable provisions of the Companies Act, 2013, the Company proposes to amend certain clauses of its Memorandum of Association (MOA). Under the erstwhile Companies Act, 1956, the Objects Clause was divided into three parts: (i) Main Objects, (ii) Matters Incidental or Ancillary to the Main Objects, and (iii) Other Objects. However, as per the Companies Act, 2013, this structure has been revised, and the MOA shall now comprise only two parts: (i) Objects and (ii) Matters necessary for the furtherance of such Objects. The alteration is also required to delete 'Other Objects' clauses III (C) 1 to 5 from the Memorandum of Association. The modification in the MOA is carried out to give effect to the provisions of the Companies Act, 2013 and the consent of shareholders is required in this regard.

The new set of the Memorandum of Association is available for inspection by the members at the Registered office of the Company during normal business hours on any working day between 11.00 a.m. to 1.00 p.m. excluding Saturdays, Sundays and public holidays.

The Board at its meeting held on 20<sup>th</sup> June 2025 has approved the proposal of alteration of MOA of the Company and the Board now seeks the approval of the members of the company for the same.

In order to comply with the provisions of Section 4(1) (d) (i), and Section 13 and other applicable provisions, if any, of the Companies Act 2013, the Company needs to alter the Liability Clause of the Memorandum of Association where earlier, it confined to saying that the liability by the members is limited, it now elaborates that such liability is limited to the 'amount unpaid, if any, on the shares held by them'. However, the consent of the shareholders by special resolution is required in this regard.

The new set of the Memorandum of Association is available for inspection by the members at the Registered office of the Company during normal business hours on any working day between 11.00 a.m. to 1.00 p.m. excluding Saturdays, Sundays and public holidays.

With the applicability of most of the Sections of the Companies Act, 2013, the existing Articles of Association of the Company require alteration / deletion of several Articles. Hence it is considered expedient to replace the existing Articles of Association by new set of Articles.

The new set of Articles of Association to be substituted in place of existing Articles of Association are based on Table 'F' of the Act which sets out the model Articles of Association for a Company limited by shares.

The Existing articles 1 to 100 of the Articles of Association are replaced with new Articles I (1-2) to II (1-101) and adopted as new set of Articles of Association. Consent of the shareholders by passing a Special Resolution is required in this regard. New set of Articles of Association is available for inspection by the members at the Registered office of the Company during normal business hours on any working day between 11.00 a.m. to 1.00 p.m. excluding Saturdays, Sundays and public holidays.

The Board at its meeting held on 20<sup>th</sup> June 2025 has approved the proposal of alteration of AOA of the Company and the Board now seeks the approval of the members of the company for the same.

None of the Directors / Key Managerial Personnel of the Company / their relatives is, in any way, concerned or interested, financially or otherwise, in the proposed resolution set out at Item No. 9 of the Notice.

Pursuant to Section 14 of the Act, any alteration in the Articles of Association of the Company would require the approval of shareholders by way of passing a Special Resolution. Hence the Board recommends the resolution to the shareholders for their approval.

### **INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON:**

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements:**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of Standalone Ind AS Financial Statement:**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

E-mail - kjacauditors@gmail.com

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements:**

- 1) As required by The Companies (Auditor's Report) Order, 2020 ("the order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, enclosed herewith, a statement on the matters specified in the paragraph 3 and 4 of the Order.

### 2 MATERIAL ACCOUNTING POLICIES

This Note provides a list of material accounting policies adopted in the preparation and presentation of these financial statements. These policies have been consistently applied to all the years presented unless otherwise stated.

#### 2.1 Basis of Preparation and presentation

##### a) Statement of compliance

These financial statements are the standalone financial statements of the Company that have been prepared to comply with the Indian Accounting Standards (herein referred to as Ind AS) as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rule, 2015 as amended from time to time and other relevant provisions of the Act. The Accounting Policies are applied consistently to all the periods presented in the Financial Statements.

##### b) Application of New Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2025, MCA has notified amendments to Ind AS 116 Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.

The Amendments to other Ind AS are not relevant to the present operations of the Company.

**c) Basis of measurement**

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value except for financial instruments if any, which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**d) Current non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Act

**e) Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest thousands as per the requirement of Schedule III, unless otherwise stated.

**2.2 Use of Estimates and judgment**

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

1. Discount rate used to determine the carrying amount of the Company's defined benefit obligation.
2. Useful life of Property, plant and equipment.
3. Estimated useful life of intangible assets.
4. Contingences and commitments.
5. Allowance for doubtful debts.
6. Impairment of investments .
7. Fair value measurement of financial instruments.
8. Provision for Income Tax and Deferred Tax

**2.3 Property, plant and equipment (PPE)**

On adoption of Ind AS, the Company retained the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and used that as its deemed cost as permitted by Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production

of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than capital work in progress) less their residual values over the useful lives using the straight-line method ("SLM"). Depreciation on Property, plant and equipment has been provided on Straight Line Method (SLM), by adopting the useful lives prescribed as per Part C of Schedule II to the Companies Act, 2013.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

The Right to Use assets being the lease hold right to use land is capitalised and disclosed as part of fixed assets.

## **2.4 Intangible assets**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line over their estimated useful life of 5 years. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit and Loss when the asset is derecognised.

### **2.4.1 Capital Work In Progress**

The cost of Assets not ready for use as at the Balance Sheet date are disclosed under Capital Work-In-Progress. Capital work in progress are carried at cost, comprising of direct cost, related incidental expenses and attributable borrowing cost.

### **2.4.2 Impairment**

The carrying amounts of assets are reviewed at each balance sheet date to confirm whether there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

### 2.4.3 Derecognition:

An item of PPE is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of asset is included in the statement of Profit and Loss in the year in which asset is derecognised.

## 2.5 Financial instruments

### a) Initial recognition

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

### b) Subsequent measurement

(i) **Financial assets carried at amortized cost**- A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) **Financial assets at fair value through other comprehensive income** - A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) **Financial assets at fair value through profit or loss** - A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### (iv) Impairment of financial assets

**Trade Receivables** - The Company assesses at each Balance Sheet date whether a financial asset or a group of financial asset is impaired. Ind AS 109 requires expected credit loss to be measured through a loss allowance. The Company recognises lifetime expected credit losses for all trade receivables that do not constitute a financing transaction. Impairment loss allowance is based on a simplified approach as permitted by Ind AS 109. As a practical expedient, the Company uses a provision matrix to determine the impairment loss on the portfolio of its trade receivables.

(v) **Derecognition of Financial assets** - The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

- (vi) **Financial liabilities** - Financial liabilities are measured at amortized cost using the effective interest method or at FVTPL.

The Company derecognizes Financial liabilities only when Company's obligations are discharged, cancelled or have expired. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in the Statement of Profit and Loss.

## 2.6 Inventories

Inventories are valued at lower of cost or net realisable value. Cost of inventories comprises of purchase cost and cost of procurement net of on a weighted average basis. However, stores and spare items held for use in providing the services are not written down below cost if the services are expected to be provided at or above cost.

## 2.7 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. These are reviewed at each Separate balance sheet date and adjusted to reflect the correct management estimates. Contingent Liabilities are disclosed when the Company has a possible obligation or a present obligation and it is probable that a cash flow will not be required to settle the obligation.

Contingent assets are disclosed in the accounts, where an inflow of economic benefits is probable.

## 2.8 Leases

The company has adopted Ind AS 116 Leases with effect from 1st April 2019 and applied the standard to lease arrangements existing as on the date of initial application using modified retrospective approach, with the lease liability recognised as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the Right Of Use asset (ROU) as the carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application. (Refer Note 4.29)

Ind As 116 requires recognition of a 'Right-of-use' (ROU) and a corresponding lease liability where the lessee, at the commencement date, has a financial obligation to make lease payments to the lessor for its right to use the underlying asset during the lease term. The Right of Use recognised (along with the value of lease deposit in excess of its present value ) as per the lease agreement is classified under the respective asset class and the corresponding lease liabilities under Borrowings as required by the standard.

## 2.9 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

## 2.10 Revenue Recognition

### a) Rendering of services

The Company derives its revenue primarily from Aircraft Maintenance facilities and also, carrying out aircraft certification and allied activities.

As per Ind AS 115, Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money. Revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (based on fixed rate contracts) allocated to that performance obligation. This consideration is estimated based on the expected value of outflow. Revenue is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

### b) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that assets net carrying amount on initial recognition.

### c) Rental income

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease in accordance with Ind AS 116.

### d) Training Fee

Revenue from training services provided by Cochin International Aviation Services Limited (CIASL) is recognized as per IND AS 115. The total transaction price, is allocated to distinct performance obligations and recognized proportionately based on the number of days over the duration of the training period.

### e) Other Income

Other incomes are recognized on accrual basis except when there are significant uncertainties.

## 2.11 Employee benefits

**b) Defined Contribution Plans** - The Company makes contributions to Provident Fund, which is a defined contribution plan for employees. The contributions paid/payable under the scheme during the year are charged to the Statement of Profit and Loss for the year.

- c) **Defined Benefit Plans** - Defined benefit plan covers the obligation of the Company towards the gratuity benefits. For defined benefit plans, the cost of providing benefits is determined using projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Re-measurement, comprising actuarial gains and losses, any change in the effect of the asset ceiling(excluding interest) and the return on plan assets (excluding net interest), is reflected immediately - with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the Statement of Profit and Loss. Past service cost is recognized in the Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability (asset). Defined benefit costs categorized as follows.

- (i) Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- (ii) Net interest expense or income; and
- (iii) Re-measurement.

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line 'Employee benefits expense'. Curtailment gains and losses are accounted as past service costs. The retirement benefit obligation recognised in the separate balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the lower of the surplus in the defined benefit plan and the asset ceiling.

- d) **Long term employee benefits** - The Company has a policy on compensated absence which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absence is determined by Actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absence is recognised in the period in which the absences occur.

Long Term Employee Benefits is categorised as follows:

- (i) Service Cost
- (ii) Net Interest on the net defined benefit liability (asset)
- (iii) Re-measurements of the net defined benefit liability (asset)

It is measured using tax rates (and laws) enacted or substantively enacted by the reporting date.

**Deferred Tax**

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realized or the deferred income tax liability is settled.

**4.4.01** (a) During the financial year 2008-09, the Company entered into an agreement with M/s. Kairali Aviation Private Limited (KAPL) for the operation and management of AME Institute.

In furtherance of this agreement, a separate company named Kairali Aviation Aeronautical Engineering Private Limited (KAAEPL) was incorporated. This was done to maintain independent books of accounts for the operations related to the AME school. Though M/s. KAAEPL started the course during August 2010, they could not continue running the institute as they failed to obtain the necessary approval from Director General of Civil Aviation. Consequent to this, during 2011-12 CIASL invoked a Bank Guarantee for Rupees One Crore submitted by M/s. Kairali Aviation Aeronautical Engineering Private Limited (KAAEPL) for non performance and to recover expenses incurred on their behalf and other receivables due from KAAEPL. The amount received from Bank on invocation of Bank Guarantee and the amount determined as receivable from M/s. KAAEPL have been netted off and the balance receivable is shown under non-current receivables. KAAEPL has disputed the claim in arbitration. The arbitration proceedings were completed and award was passed on 21/03/2016. As per the award, the claimants (KAPL & KAAEPL) have been allowed to recover from the respondents (CIASL) an amount of Rs.1,33,924/- (Rs 1,33,924) thousands -with future interest at the rate of 9% per annum from the date of award till realisation, if paid within 3 months from the date of the Award. If the awarded amount is not paid within 3 months from the date of Award, interest shall be paid on the said amount at the rate of 14% per annum till realisation. The Company

has challenged the award by filing an appeal before the Commercial Court Ernakulam, which got dismissed. subsequently the company filed a second appeal with the Commercial Appellate Court, Ernakulam on 27th September 2024. No provision has been made for the award amount.

- (b) During the year 2011-12, the Company received a letter from Corporation Bank directing it not to remove the assets and equipments of M/s. Kairali Aviation Aeronautical Engineering Pvt. Ltd. (KAAEPL) from the space that the Company had leased out to KAAEPL, on the grounds that these assets and equipments were hypothecated to Corporation Bank. The Company in turn had raised a demand for Rs.2,022.48 (Rs 2,022.48) thousands on Corporation Bank towards rent for the space occupied by the assets and equipments of KAAEPL till 30 September, 2012. Corporation Bank has rejected the Company's claim for rent vide letter No. OR:1049:2012 dated 01.10.2012. No rental income has been recognized considering the above dispute, w.e.f. 01.10.2012. **4.6.01** Trade Receivables to the extent backed by security by deposit or bank guarantee are considered as Secured.

**4.6.02** The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information.

**4.6.03** Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.
